PRODUCT DESCRIPTION:

Introducing the T50 Mobile LED Display System, designed to transform visual displays for corporate settings and events with unmatched flexibility.

Our T50 Mobile Trailer boasts a 50sqm 3.9 mm screen that delivers a crystal-clear, pixel-perfect better than HD picture, ensuring your visuals are always sharp and impressive. The quick setup makes it perfect for outdoor events.

This advanced system features a robust trailer chassis with a built-in stage and line array, seamlessly integrating your LED screen into a mobile unit.

Equipped with state-of-the-art power supply systems, stabilizing mechanisms, and cutting-edge connectivity interfaces, the T50 guarantees optimal performance and reliability in any environment.

FEATURES:

High-Definition Display: Equipped with a 9m x 5m screen, providing clear and crisp HD picture quality, ideal for outdoor events.

Power Requirements: Operates on a 63amp/3 phase power supply, ensuring robust and reliable performance.

Quick and Easy Setup: Designed for rapid deployment, ensuring minimal setup time with a setup duration of just 1 hour.

Overall trailer dimensions: 5m (W) x 13.5m (L) x 10m (H).

Dimension in Transit: 2.6m (W) x 16.5m (L) x 4.1m(H)
Stage: 7 metres(W) x 2.2 m(H) x4.8 (D)

Weight of trailer: 25 tonnes

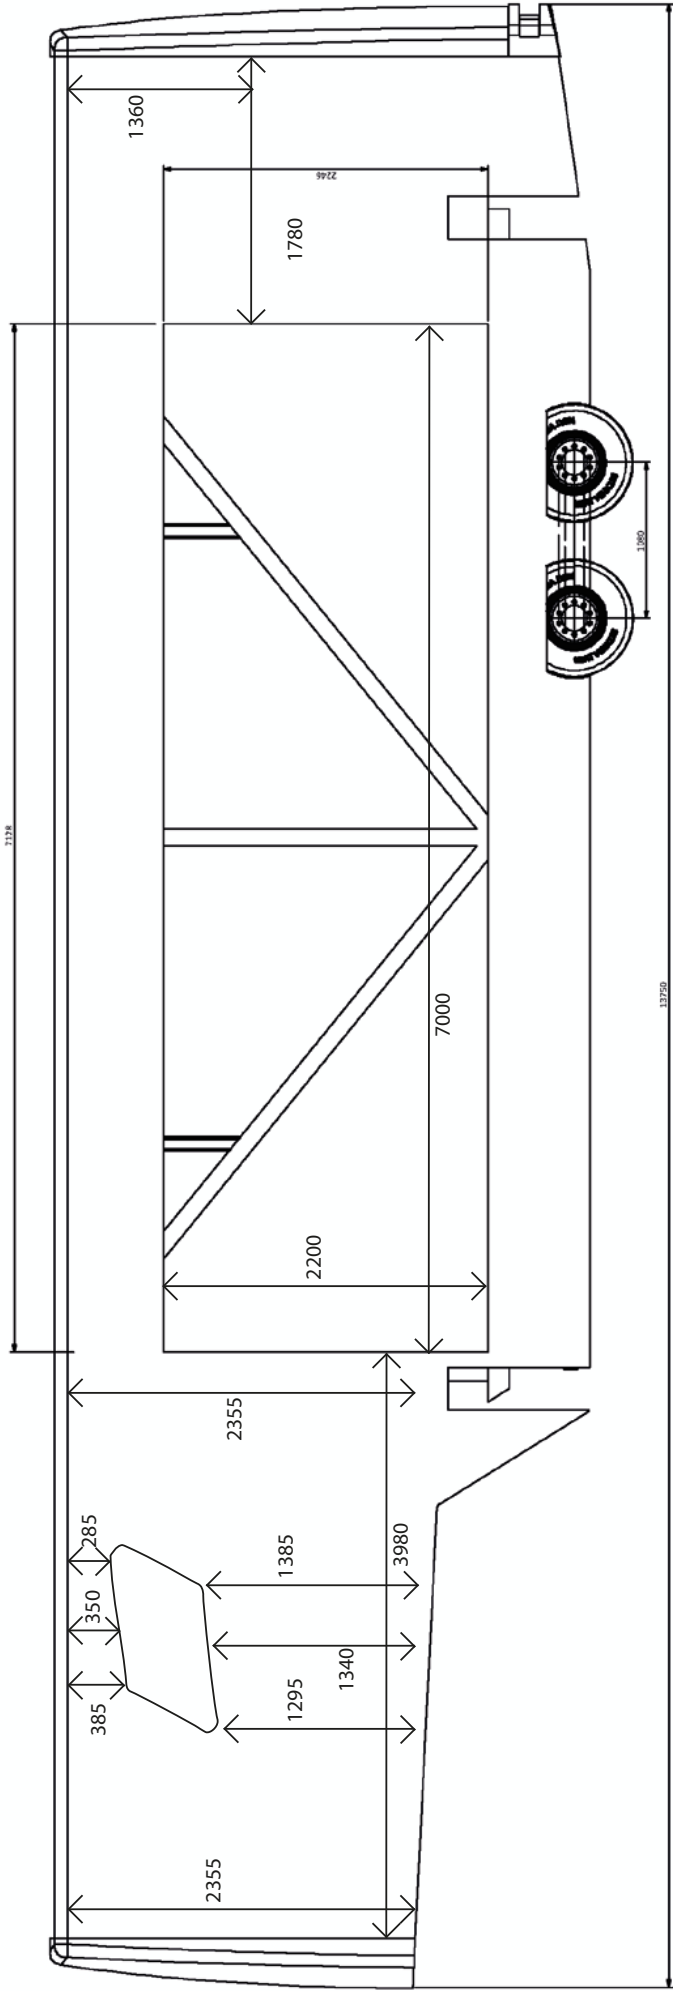

Weight of towing vehicle: 9.5 tonnes
